THE MINTO COMMUNITIES' STORY

Minto Communities is one of the largest builders in Canada and is committed to delivering healthy, high-performing communities to the Calgary market.

Minto Communities originated in 1955, when we began building better places to live, work and play, one home and one relationship at a time. The Minto

ethos is to challenge conventional thinking and work outside the box to generate innovative, long-term and mindful living solutions.

With more than 63,000 homes built in the Ottawa, Calgary and the Greater Toronto Areas, our Minto Communities Canada division is dedicated to constructing high-

performing new homes and condos, and has earned several industry awards and accolades.

Keenly Focused on Western Canada

Since our entry to the Calgary market in 2014, Minto Communities has successfully expanded into western Canada. Our dedication to the Calgary market keeps us focused on our unique approach to building communities that are sustainable, healthy and vibrant.

We have more than 3,500+ homes planned for development in Calgary and surrounding area:

- The Annex, Kensington - Complete (108 homes)
- ERA, Bridgeland - Under construction (180 homes)
- ERA II, Bridgeland - Under Construction (40 homes)
- East Hills Crossing, Belvedere (600+ homes)
- Wildflower, Airdrie - Coming Soon (2400+ homes)
- The Annex II, Kensington (100 homes planned)

New community coming soon to Airdrie, AB

Wildflower is an upcoming project we are very excited about is a spectacular master-planned community of 2,400+ single family detached, semi-detached, townhomes and condos on the Upper West Side of Airdrie. Only 30 minutes north of downtown Calgary.

MINTO COMMUNITIES' COMMITMENT TO SUSTAINABILITY

At Minto Communities, we believe our success is measured by the health and vibrancy of the lives we touch and the environments we create. From green building to community building, from quality living to responsible investing, our commitment to people and the planet is an important part of what we do. It's one of the things we're most proud of.

For us, sustainability isn't just about being environmentally conscious. It's who we are. It's about the actions we take to invest in building a sustainable future by consuming fewer natural resources, minimizing waste and reducing greenhouse gas emissions, while providing customers with modern spaces to live, work and play in. It's our priority today – and it will continue to be in the future.

Minto's LEED Certified Homes

6,400+ suites (as of November 2020)
8,000+ homes (as of November 2020)

2019: EAST HILLS CROSSING COMMUNITY
 Registered as the first privately funded LEED V4 Neighborhood Development in Calgary

Minto's Track Record

Minto is committed to third party environmental verification programs, which provide assurance that our design and building practices meet strict energy efficiency standards. Since 2009, Minto has built and certified all new low rise homes to the ENERGY STAR® standard, and all new Minto high rises are Leadership in Energy and Environmental Design (LEED) certified.

For these efforts, we have been recognized in a number of Canadian building awards.

- We received the CHBA Net Zero Home Award for the 2019 Minto Dream Home in support of the Children's Hospital of Eastern Ontario.
- In 2020, Minto received the Outstanding Achievement Award in Corporate Citizenship, and was named "Green Builder of the Year" from Durham Region Home Builders Association.
- We received the EnerQuality ENERGY STAR® for New Homes Builder of the Year (Large Volume) in 2015, 2016, 2017 and 2018.

SUSTAINABILITY COMMITMENTS

LEED's 7 Transformative Goals

The LEED rating system aims to promote a transformation of the construction industry through strategies designed to achieve seven goals:

1. Reverse contribution to global climate change
2. Enhance individual human health and well-being
3. Protect and restore water resources
4. Protect, enhance, and restore biodiversity and ecosystem services
5. Promote sustainable and regenerative material resources cycles
6. Build a greener economy
7. Enhance social equity, environmental justice, community health, and quality of life

Here are four ways in which the East Hills Crossing community meets LEED goals.

SMART LOCATION & LINKS

- Convenient access to transit and amenities
- Connected to central path systems across Calgary

GREEN INFRASTRUCTURE & BUILDINGS

- Use of ENERGY STAR® appliances saves money while creating fewer greenhouse gas emissions
- Use of LED lighting reduces the cost of utilities
- Standard in-suite water efficient fixtures can reduce water consumption up to 40% compared to the Alberta Building Code
- Outdoor water use reduction with carefully selected horticultural species for landscaping
- Smart Irrigation System installed in the parks and civic spaces
- Buildings constructed with solar orientation, with optimal conditions for future use of passive and active solar strategies
- Energy efficient street lights

NEIGHBOURHOOD PATTERN & DESIGN

- Reduced residential speed zones for community safety and walking traffic
- Restaurants, retail and medical are steps away
- Linear parks connect residents to pathways and green space
- Gathering space incorporated to promote community living and increase social connections
- Recreational facility on-site to promote health and wellness
- All-season community park provides residents with outdoor access to a playground, basketball court, tobogganing hill, and internal pathways

INNOVATION & DESIGN PROCESS

- LEED Neighborhood Development design strategies are engineered with the end-user in mind; the innovation and design process encompasses not only the building structures but the community and environment as a whole
- No component is overlooked in consideration of lifestyle, well-being, and the engagement of its inhabitants

EAST OF EXPECTATION

Dine al fresco on International Avenue

On the east side of Calgary, an urban, transit-oriented community is taking shape. A brilliant, greener neighbourhood where people can thrive, with easy connection to each other, to green space, to shopping, and to every destination.

Welcome to East Hills Crossing by Minto Communities, a collection of modern townhomes and condominiums mindfully designed to foster a unique, people-centred lifestyle. Discover your opportunity to live a more sustainable life in Calgary. Once certified, East Hills Crossing will be Calgary's 1st privately funded LEED neighbourhood development.

Ellistown Park is just 10 minutes away

A NEW OPPORTUNITY TO OWN AT EAST HILLS CROSSING

On the heels of the stunning success of East Hills Crossing Condominiums, we're thrilled to introduce to you our collection of 3-storey Townhomes. These striking, modern homes will enhance the streetscapes of East Hills Crossing, offering spacious units with private outdoor spaces. Designed to seamlessly integrate with the natural colour palette of the area, each townhome will feature modern, airy interior design, ample storage space, and floorplans with flow.

CONNECTIONS TO EVERYWHERE

BRT bus stop

MAX Bus Rapid Transit (BRT)

Living at East Hills Crossing, you're close enough to the countryside to enjoy fresh air and big skies — but you're also amazingly connected to downtown Calgary. The new Calgary MAX Bus Rapid Transit (BRT) line can whisk you westward along International Ave. to the centre of the city.

If you need to get to work, meet friends for dinner, or explore this infinitely interesting downtown, you can catch the bus steps from home at the East Hills BRT station. Plans are in the works for a BRT station on 84th St., which will make transit an even better option.

Why BRT is Better

The BRT makes fewer stops than the regular buses, runs more frequently and travels along dedicated laneways apart from traffic. Heated shelters make waiting for the BRT bus more pleasant in winter, and real-time electronic displays show exactly when the next bus will arrive.

Connect on your Phone

Download the Calgary Transit App, which enables you to look up nearby stops, schedules, and route maps, and plan your trip.

CONVENIENT CONNECTIONS

Time for the Train

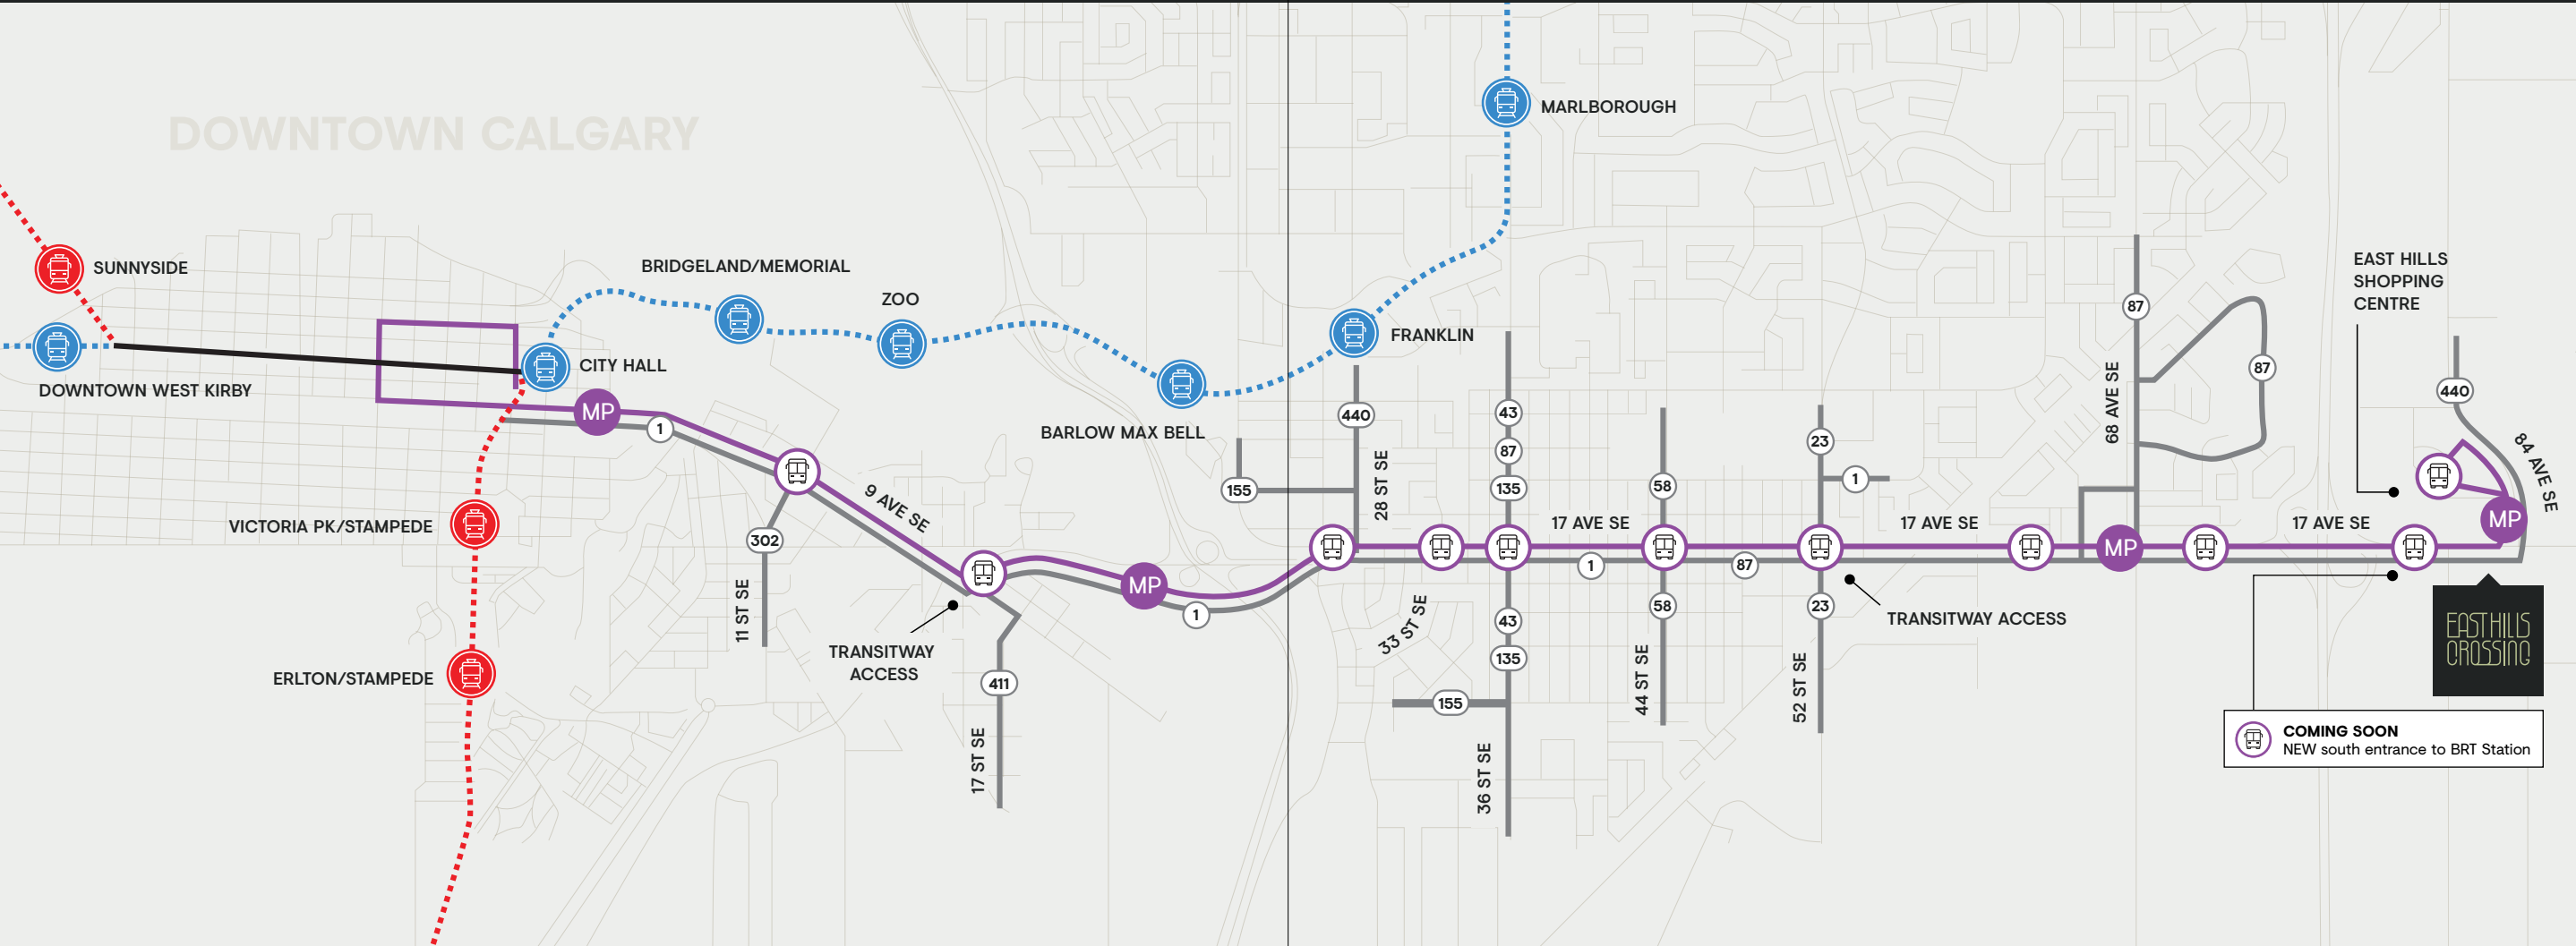

Need to travel around Calgary? Connect downtown with the CTrain's Blue Line or Red Line. With 45 stations spread across the city, it's easy to get around. The upcoming Green Line promises to give access to even more Calgary neighbourhoods.

TOP 10 REASONS TO OWN

1. Location

The Townhome's location offers the best of both worlds: proximity to green spaces AND exceptional shopping – with restaurants and a movie theatre.

2. Close to Highways

Your home gives you excellent access to major highways. The Townhomes are right at Stoney Trail/Highway 201 and just minutes from Trans-Canada Highway 1.

3. Convenience of the BRT

With the East Hills BRT station mere steps away – plus connections to major surface routes – the Townhomes offer enviable access to public transit.

4. East Hills Shopping Centre

What could be more convenient than living across the street from a full-service shopping mall that offers everything you need for your life?

5. Master-planned Community

East Hills Crossing is a master-planned community, envisioned and established as modern, sustainable, forward-looking, connected and pedestrian-friendly.

6. A Beautiful, Modern Building

The Townhomes are designed to enrich your life, with the most modern styles and finishes throughout each home.

7. Convenient Community & Public Services

No matter what your age group, you'll find a range of conveniences and services close to home, from schools, to recreation centres, to transit.

8. Personalized Décor Choices

The Townhomes offer a variety of finishes that enable you to make your home your very own with designer selections.

9. Space and Light

The Townhome's spacious designs make the most of natural light. All Townhomes provide access to the outdoors with balconies or terraces, as per plan, for you to enjoy.

10. A Developer with a Track Record

For 65 years, Minto Communities has been building homes across Canada, and has been honoured with many industry awards.
