Homes and communities designed for a life well lived

Purchasing a home is one of the most important decisions you'll ever make. We're happy to offer each of our homeowners over 65 years of dedicated and committed building experience so you can make that decision with confidence.

At Minto Communities Ottawa, we're building better places to live, work, and play — one home and one relationship at a time. We have an ongoing investment in the health of this city's residents and the

communities they call home. It's all about the special moments for us. We've built homes across Ottawa for generations, but what we're most proud of is the connections we've made with our homeowners and sharing the excitement of handing over a new set of keys.

We are part of Minto Group, a home builder, developer, property and investment manager for over 65 years that began here in Ottawa and has since grown to Toronto and the GTA, London, Calgary, Edmonton, and Florida, USA.

Our homes are designed and built for the way you live, where life's necessities are close at hand — often just a walk away.
