Weavers Way, Almonte.

The name “Weavers Way” is inspired by Almonte’s milltown past. How the textile industry transformed a modest settlement into a prosperous place to live. How workers walked the same pathway to and from the mills each day. And how the craft and artistry remains.

The name is a reflection of the town’s culture. Peaceful, creative, friendly, local—threaded together by a sense of community.

homes and communities designed for a life well lived.

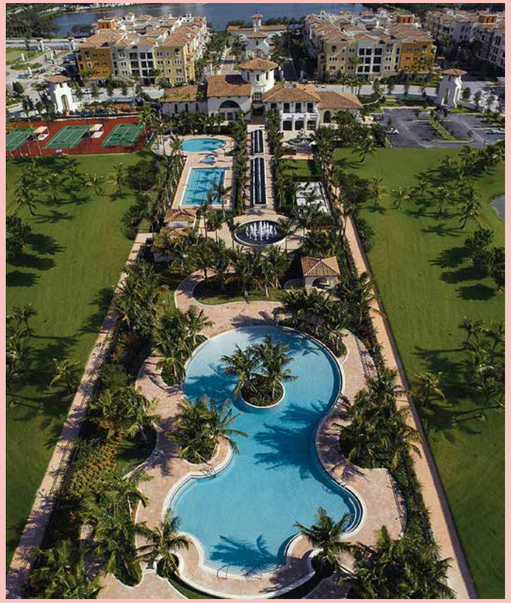

Purchasing a home is one of the most important decisions you'll ever make. We're happy to offer each of our homeowners over 70 years of dedicated and committed building experience so you can make that decision with confidence.

At Minto, we're building better places to live, work, and play — one home and one relationship at a time. We have an ongoing investment in the health of this city's residents and the communities they call home. It's all about the special moments for us. We've built homes across Ottawa for generations, but what we're most proud of is the connections we've made with our homeowners and sharing the excitement of handing over a new set of keys.

We are part of Minto Group, a home builder, developer, property and investment manager for over 70 years that began here in Ottawa and has since grown to Toronto and the GTA, London, Calgary, Edmonton, and Florida, USA. Proud supporters of the Children's Hospital of Eastern Ontario (CHEO).
