

A 3D architectural rendering of a two-story house. The exterior features a mix of materials: light-colored stone veneer on the main level, red brick on the upper level and around the garage, and light gray horizontal siding on the side. The house has a gabled roof with dark gray shingles. A prominent front porch with a pediment and square columns frames the black front door. To the left of the door is a large, multi-paned window. To the right is a two-car garage with dark gray doors. The house is set on a green lawn with a stone retaining wall and various plants. The background shows more trees and a clear blue sky. In the bottom left corner, there is a small blue square with a white letter 'C'. In the bottom right corner, the text '1,789 sq. ft.' is displayed.

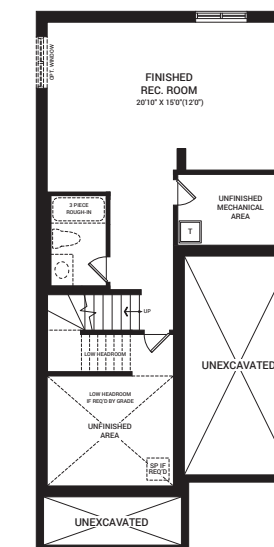

MAIN FLOOR

The floor plan for the second floor includes the following rooms and features:

- ENSUITE:** Located at the top left, containing a bathtub, toilet, and sink.
- W.I.C. (Walk-In Closet):** Located below the ensuite, with a dashed line indicating an optional decorative ceiling.
